Accommodations

The Grand Summit Hotel - combines the best of both worlds. It offers all the amenities you would expect from a full-service hotel like two restaurants, a health club, and a heated outdoor pool, with all the convenience of a true slope side location. Plus, the hotel's slope side location is ideal for families looking for ski-in/ski-out access thanks to several beginner-level trails located nearby. From the Grand Summit, it takes just a few short turns to reach the White Cap base area.

Sunday River - The Mountain

135 trails, 15 lifts, & The Most Dependable Snow in New England.

While others tend to boast it, the truth is that they're not even close. In terms of sheer size, Sunday River is a very big resort spanning three miles long from White Cap to the Jordan Bowl and in between, 8 interconnected mountain peaks, 135 trails, 820 acres plus more hidden spots than a snow leopard on a powder day thanks to our Boundary-to-Boundary Policy. And while most resort thank Mother Nature for their winter bounty, we take matters into our own hands with the most powerful [snowmaking](#) system in the world.
