Chamonix is the oldest ski areas in the French Alps and has some of the biggest vertical drops in the world. It was the site of the 1924 winter Olympics and his home to the highest mountains in western Europe. The area has over 170 km of piste to cruise and you will be able to enjoy world class shopping, dining, and nightlife throughout the area. This trip is part of the Blue Ridge Ski Council Eurofest so we will have additional group parties and dinners along with the half board in the Hotel Alpina. Like most accommodations in Chamonix, the hotel is in the town and shuttles area available to each of the 5 areas Grands Montets, Les Houches, Le Tour/Balme, La Flegere and Le Brevent.
